NJAKE SPRING WORKSHOP

Vol. XXXIX No. 2

Featuring - Heidi Butkus

website: www.heidisongs.com

Saturday
April 5, 2014

Heidi is a Reading Specialist with over 25 of years experience in the Primary Grades.

She will be presenting four informative workshops throughout the day. We will learn... time tested tricks and tips to help budding English language learners and special needs children to meet the state standards; sing-a-long songs and movements to help students master their sight words; fun math and language arts activities to be delivered effectively by one teacher to a whole classroom; and ways to combine math, manipulatives and music in a fun and educational way. These are just a few of the topics that she will be covering.

This conference is beneficial for preK to 2nd grade teachers.
